

## Notice

### Precious metals trading<sup>1</sup>

External transactions

#### Summary of the most important changes:

- Monetary transactions that apply to unallocated accounts are no longer subject to reporting requirements. The account balance, however, must be reported.
- Transactions with physical gold are to be reported stating the code 989.

Allocated accounts are accounts on which a delivery right exists for the defined submitted good. Unallocated accounts are accounts on which a delivery right exists only for a defined good of the same type and quality.

Type of transaction	Code	Purpose of the payment
<b>1 Buying and selling of gold<sup>2</sup></b>		
a) Gold is brought to Germany from abroad or vice versa		No reporting requirement (recorded in foreign trade statistics)
b) Gold located and remains abroad	989	Buying of gold
c) Gold located and remains in Germany	989	Buying of gold
<b>2 Buying and selling of other precious metals<sup>2</sup></b>

<sup>1</sup> The following remarks refer to both unprocessed precious metals and processed precious metals (coins, medals), but not to payments for coins that are legal tender (ie foreign currency). Payments for foreign currency normally concern foreign travel and must be reported separately pursuant to section 70 (1) 4b of the Foreign Trade and Payments Regulation.

<sup>2</sup> This includes all movements on allocated accounts as well as the physical submission or delivery of gold and other precious metals for unallocated accounts (deposit accounts). **A submission should be registered in a way as if the precious metal were sold to the account-carrying enterprise and a delivery in such a way as if the precious metal were bought from the account-carrying enterprise.**
