¹ On 22 December 1998 the European Central Bank (ECB) announced that, as an exceptional measure between 4 and 21 January 1999, a narrow corridor of 50 basis points would be applied between the interest rates for the marginal lending facility and the deposit facility, aimed at facilitating the transition to the new regime by market participants.

² Effective 18 September 2024, the spread between the rate on the main refinancing operations and the deposit facility rate will be reduced to 15 basis points. The spread between the rate on the marginal lending facility and the rate on the main refinancing operations will remain unchanged at 25 basis points.
