Abstract

We describe the research dataset “Quarterly borrowers statistics” using a structured metadata schema.¹⁾ This document consists of three sections. In the first section, we describe the general properties of the dataset as a whole, such as its scope and coverage and the methods of data collection and data appraisal. The second section looks at the variable level, providing an overview of the reporting forms and variables by providing links to the respective variable overview tables and variable detail tables. The last section provides information on the meaning of variables.

Keywords: MFI, bank, balance sheet, borrowers statistics

1 Dataset description

1.1 Overview and identification

Title of dataset

Quarterly borrowers statistics

German Title

Vierteljährliche Kreditnehmerstatistik

Abbreviation

VJKRE

Dataset abstract

Domestic banks' (MFIs) lending operations to enterprises and households in Germany reported in the monthly balance sheet statistics are broken down further by economic sector in the quarterly borrowers statistics. These statistics are intended to provide information on the pattern of, and changes in, lending operations with the principal groups of private borrowers. In addition, housing loans (mortgage loans secured by residential real estate and other non-mortgage housing loans) are shown separately in these statistics. Since December 2008, the data have been collected and published on the basis of the classification of economic sectors (WZ 2008) used by the Federal Statistical Office.

1.2 Dataset scope and coverage

Legal framework³⁾

The legal framework of the Eurosystem and the Eurosystem of Central Banks can be downloaded from the ECB website. The legal basis for collecting harmonised borrowers statistics is laid down in several Bundesbank notifications. Additionally, MFIs' reports are subject to the guidelines and regulations applicable to the monthly balance sheet statistics, as well as guidelines, which set out the procedures to be followed by NCBs when reporting money and banking statistics information to the ECB.

³ The legal basis on reports in banking statistics, including the borrowers statistics, can be downloaded from the Bundesbank website

General Legal Basis

- Statute of the ESCB, article 5
- Council Regulation (EC) No 2533/98
- Bundesbank Act

01/1999 – 12/2004

- Deutsche Bundesbank – Bankstatistische Meldungen und Anordnungen, Mitteilung Nr. 8002/93, Anlage 2
- Deutsche Bundesbank – Bankstatistische Meldungen und Anordnungen, Mitteilung Nr. 8002/97
- Deutsche Bundesbank – Bankstatistische Meldungen und Anordnungen, Mitteilung Nr. 8006/98, Anlage 2
- Deutsche Bundesbank – Bankstatistische Meldungen und Anordnungen, **Mitteilung Nr. 8004/2001, Anlage 2**

01/2005 – 11/2014

- Deutsche Bundesbank – Bankstatistische Meldungen und Anordnungen, **Mitteilung Nr. 8003/2004 (Anlage 2)**
- Manual of MFI balance sheet statistics, April 2012

12/2014 – 12/2021

- Deutsche Bundesbank – Bankstatistische Meldungen und Anordnungen, **Mitteilung Nr. 8003/2004 (Anlage 2)**
- **Guideline ECB/2014/15 (article 21)**
- Manual of MFI balance sheet statistics, April 2012

valid from 01/2022

- Deutsche Bundesbank – Bankstatistische Meldungen und Anordnungen, **Mitteilung Nr. 8003/2004 (Anlage 2)**
- **Guideline ECB/2021/11 (article 7)**
- Manual of MFI balance sheet statistics, January 2019

Unit of analysis

Each line in the dataset corresponds to domestic MFIs' loans classified by group of borrowers at the end of a quarter.

Time periods

Quarterly data from Q1 1999 (referred to as 199903) to Q4 2022 (referred to as 202212).

Geographic coverage

Germany

Universe⁴⁾

The monthly balance sheet statistics form the nucleus of the banking statistics.⁵⁾ However, the borrowers statistics report provides a more detailed breakdown of the aggregated loans to domestic enterprises and households (including non-profit institutions serving households) outstanding. The figures are to be reported at the end of a quarter, in the form of statistical tables reflecting the loan positions classified by borrowers, economic sectors and maturities. Furthermore, the borrowers statistics include details on loan collateralisation and provide information on the terms and conditions of repayment for loans to households. Moreover, the total value of the loans listed (Tables V1 and V3, line 400) must equal the total value of loans to domestic enterprises and households in Annex B1 of the monthly balance sheet statistics (line 100). The same applies to the three subsectors “Enterprises and self-employed persons”, “Employees and other persons”, “Non-profit institutions”. In addition, housing loans held by households must be reconciled with Annex B4 of the monthly balance sheet statistics.

Domestic Banks (MFIs)

The reports from banks in Germany with no legally dependent branches abroad and the partial reports from banks with a network of branches abroad containing the data on their domestic branches are consolidated to yield reports on “Banks in Germany (MFIs)”. This corpus of reporting institutions forms the core of the banking statistics. Monetary financial institutions (MFIs) are central banks, resident credit institutions as defined in Community law, other resident financial institutions and also money market funds whose business is to receive deposits and/or close substitutes for deposits from entities other than MFIs and, for their own account (at least in economic terms), to grant credits and/or make investments in securities.

Classification by Sector⁶⁾

From January 1999, the classification by sector generally follows the European System of Accounts (ESA 95). From **December 2014**, the classification by sector **follows the new ESA 2010**. Natural persons are classified as residents or non-residents according to their place of residence or normal abode, and corporations according to the location of their registered office or head office. Domestic banks are enterprises domiciled in Germany which conduct banking business as defined in section 1 (1) of the Banking Act and which meet the MFI definitions, including branches of foreign banks. Foreign banks are enterprises whose registered office or head office is located abroad, and which are deemed to be banks in the country concerned. They also include branches of foreign banks abroad. The sector “households” comprises self-employed persons (for instance, sole

4 For details, see Special Statistical Publication 1, Banking statistics guideline, Guidelines on the Borrowers statistics.

5 Research data: Monthly balance sheet statistics 01/1999-12/2016 – Data Report 2017-02 Metadata Version 1.

6 For details, see Special Statistical Publication 2, Banking statistics, customer classification.

proprietors, persons managing (small) businesses, members of the professions, farmers, rentiers), employees (wage and salary earners, civil servants, pensioners and unemployed persons) and other individuals (house-wives, infants, schoolchildren, students and persons not indicating their occupation). Non-profit institutions include, inter alia, churches and charitable associations (excluding institutions and associations operated by them), foundations (excluding industrial foundations), political parties and trade unions. Besides central, state and local government, government also includes social security funds. Foreign government also includes international organisations including supranational banks.

Between January 1999 and December 2002, the data have been collected and published on the basis of the classification of economic sectors (**WZ 93, based on NACE Rev. 1**) used by the Federal Statistical Office.

Between January 2003 and November 2008, the data have been collected and published on the basis of the classification of economic sectors (**WZ 2003, based on NACE Rev. 1.1**) used by the Federal Statistical Office.

Since December 2008, the data have been collected and published on the basis of the classification of economic sectors (WZ 2008, based on NACE Rev. 2) used by the Federal Statistical Office.

However, in the Quarterly borrowers statistics, contrary to WZ 2008, holding companies with predominantly financial activities and with active insurance business are assigned to Financial intermediation (excluding MFIs) and real estate activities (WZ 2008 code 68) are differentiated between Housing enterprises and Other real estate activities.

Classification by maturity

The classification of assets by maturity is based on the originally agreed maturity or period of notice and not on the residual maturity on the reporting date. Securitised assets are classified on the basis of the maximum period to maturity under the terms of issue. The maturity categories are defined as follows: Short-term = repayable on demand, or with an agreed maturity or period of notice of up to and including 1 year. Medium-term (from January 1999, only reported for unsecuritised lending) = with an agreed maturity or period of notice of more than 1 year up to and including 5 years. Long-term (from January 1999, only reported for unsecuritised lending) = with an agreed maturity or period of notice of 5 years or more.

The reporting rules of the Accounting Regulation for Credit Institutions (Verordnung über die Rechnungslegung der Kreditinstitute (RechKredV)) and of the German Commercial Code (Handelsgesetzbuch (HGB)) governing single-entity financial statements apply unless special regulations have been made subsequently.

Historical changes

Until the publication of this report historical changes within the data are due to new sector classifications (see p.4).

1.3 Data collection

Electronic submission via ExtraNet

Data collectors

Deutsche Bundesbank, Statistics Department (S), Monetary and Financial Statistics (S 4), Borrowers statistics (S 400)

Collection frequency

quarterly

Sample size

All monetary financial institutions (MFIs) resident in Germany and branches resident in Germany within the meaning of Article 1 c) of Regulation (EU) 2021/379 of the European Central Bank with the exception of building societies and money market funds (MMFs) provide a quarterly breakdown of their loans to domestic enterprises and households outstanding. Thus all MFIs that are obliged to report under the monthly balance sheet statistics.

Response rate

100 percent

Supervision

1. All reporting agents receive a mandatory notice from the board of Deutsche Bundesbank.
2. Decision of the European Central Bank on non-compliance with statistical reporting requirements (ECB/2010/10)⁷⁾: The ECB and the NCBs shall monitor the compliance of reporting agents with the minimum standards required to meet their reporting obligations, as set out in Annex IV to Regulation ECB/2021/2. In the event of non-compliance, the ECB and the competent NCB may decide to conduct an assessment phase and/ or initiate an infringement procedure. Following an infringement procedure the ECB may impose sanctions in line with Article 7 of Regulation (EC) No 2533/98.⁸⁾
3. Annex IV of Regulation ECB/2021/2 contains minimum standards that are to be applied by the actual reporting population. These are minimum standards for:
 - transmission (timeliness and correctness of form)
 - accuracy (correctness, completeness, continuity)

⁷⁾ ECB/2010/10 amended by ECB/2015/50 in 2016 and by ECB/2017/5 in 2017.

⁸⁾ The ECB non-compliance requirements for the monthly balance sheet statistics were adopted for the borrowers statistics to ensure the high data-quality standards. These are no legally binding requirements for the borrowers statistic.

- conceptual compliance (compliance with definitions)
 - revisions (compliance with revisions procedure)
4. To monitor compliance with these minimum standards, the ECB has established a procedure which guarantees that common criteria are applied with respect to compliance with reporting deadlines and accuracy of statistical reporting throughout the euro area. According to this procedure, all euro-area central banks must, under certain circumstances, inform the ECB if an institution within their jurisdiction has not complied with the statistical reporting requirements. The Notice of the European Central Bank on the imposition of sanctions for infringements of balance sheet statistical reporting requirements (ECB/2010/10) sets out the principles that are followed during a sanctions procedure pursuant to the provisions of Council Regulation (EC) No 2532/98 concerning the powers of the European Central Bank to impose sanctions.

1.4 Data appraisal

Quality checks

For the data checking process a mixture of a bottom-up and a top-down approach is used: The main focus is on the bottom-up approach to guarantee high quality of micro data before extrapolation. The top-down approach for checking aggregate developments might lead to additional questions to reporting agents.

Bottom-up-Checks

1. Blocking rules:
 - Automated format and basic consistency checks
 - Formality checks: if the xml-file submitted by the reporting agent does not conform with the specifications (formality checks), the file will be rejected and a new correct data file is requested
 - Basic checks which need to be fulfilled to load reports into borrowers statistics quality control program.
2. Plausibility checks and outlier identification:
 - More than 350 plausibility checks are performed on each report
 - Comparison of the reporting values with the transmitted data of the previous quarter or of the last four quarters
 - Consistency checks
 - Comparison checks between borrowers-statistics and other banking statistics (monthly balance sheet statistics) or other Bundesbank business data
 - Outlier detection
 - Completion check: List of agents which have not yet reported

Top-down-Checks

Based on calculated aggregates, the macro analysis is performed:

- Impact analysis: drill down of aggregated data to determine major effects on developments in the aggregates

Data editing

1. Reporting deadline for MFIs (reporting institutions) at 10th working day after the end of each calendar quarter
2. Completeness check
3. Plausibility checks and sending queries to reporting institutions (10th to 25th working day)
4. Revisions
5. Final aggregation of the previous and the current quarter (29th to 30th working day)
6. Calculation of the Bundesbank-aggregates and publication (32th to 35th working day)

1.5 Data accessibility

Research proposal conditions

A research proposal is checked for feasibility of the research project given the research data, i.e. the suitability of the data to answer the research questions raised by the proposal. The research project must be of public interest, that is without commercial goals.

Institutional access conditions

The researcher must be affiliated with a research institution that clearly has a scientific, noncommercial agenda.

2.2 Details of variables

BAID_DOM: Random-identifier of domestic MFI'S

Notes Random-identifier of domestic MFI'S

Available from – to – – –

Type of variable

DATE: Reference date (yyyy-mm-dd) according to ISO 8601

Notes	Reference date (yyyy-mm-dd) according to ISO 8601
Available from – to	---
Type of variable	

YEAR: Four-digit calendar year

Notes	Four-digit calendar year
Available from – to	---
Type of variable	

MONTH: Last month of the quarter

Notes	Last month of the quarter
Available from – to	---
Type of variable	

DAY: Last day of the month

Notes	Last day of the month
Available from – to	---
Type of variable	

V1_110_01: Short and medium-term loans to German enterprises and economically independent households: agriculture, forestry, fishing and aquaculture - loans and advances of one year or less

Notes	Short and medium-term loans to German enterprises and economically independent households: agriculture, forestry, fishing and aquaculture - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_110_02: Short and medium-term loans to German enterprises and economically independent households: agriculture, forestry, fishing and aquaculture - loans and advances of more than one year but not more than five years

Notes	Short and medium-term loans to German enterprises and economically independent households: agriculture, forestry, fishing and aquaculture - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_110_03: Short and medium-term loans to German enterprises and economically independent households: agriculture, forestry, fishing and aquaculture - bill-based loans: discount credit

Notes	Short and medium-term loans to German enterprises and economically independent households: agriculture, forestry, fishing and aquaculture - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_120_01: Short and medium-term loans to German enterprises and economically independent households: electricity, gas and water supply; refuse disposal, mining and quarrying - loans and advances of one year or less

Notes	Short and medium-term loans to German enterprises and economically independent households: electricity, gas and water supply; refuse disposal, mining and quarrying - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_120_02: Short and medium-term loans to German enterprises and economically independent households: electricity, gas and water supply; refuse disposal, mining and quarrying - loans and advances of more than one year but not more than five years

Notes	Short and medium-term loans to German enterprises and economically independent households: electricity, gas and water supply; refuse disposal, mining and quarrying - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_120_03: Short and medium-term loans to German enterprises and economically independent households: electricity, gas and water supply; refuse disposal, mining and quarrying - bill-based loans: discount credit

Notes	Short and medium-term loans to German enterprises and economically independent households: electricity, gas and water supply; refuse disposal, mining and quarrying - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_130_01: Short and medium-term loans to German enterprises and economically independent households: manufacturing - loans and advances of one year or less

Notes	Short and medium-term loans to German enterprises and economically independent households: manufacturing - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_130_02: Short and medium-term loans to German enterprises and economically independent households: manufacturing - loans and advances of more than one year but not more than five years

Notes	Short and medium-term loans to German enterprises and economically independent households: manufacturing - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_130_03: Short and medium-term loans to German enterprises and economically independent households: manufacturing - bill-based loans: discount credit

Notes	Short and medium-term loans to German enterprises and economically independent households: manufacturing - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_140_01: Short and medium-term loans to German enterprises and economically independent households: construction - loans and advances of one year or less

Notes	Short and medium-term loans to German enterprises and economically independent households: construction - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_140_02: Short and medium-term loans to German enterprises and economically independent households: construction - loans and advances of more than one year but not more than five years

Notes	Short and medium-term loans to German enterprises and economically independent households: construction - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

v1_140_03: Short and medium-term loans to German enterprises and economically independent households: construction - bill-based loans: discount credit

Notes	Short and medium-term loans to German enterprises and economically independent households: construction - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

v1_150_01: Short and medium-term loans to German enterprises and economically independent households: wholesale and retail trade; repair of motor vehicles and motorcycles - loans and advances of one year or less

Notes	Short and medium-term loans to German enterprises and economically independent households: wholesale and retail trade; repair of motor vehicles and motorcycles - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

v1_150_02: Short and medium-term loans to German enterprises and economically independent households: wholesale and retail trade; repair of motor vehicles and motorcycles - loans and advances of more than one year but not more than five years

Notes	Short and medium-term loans to German enterprises and economically independent households: wholesale and retail trade; repair of motor vehicles and motorcycles - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

v1_150_03: Short and medium-term loans to German enterprises and economically independent households: wholesale and retail trade; repair of motor vehicles and motorcycles - bill-based loans: discount credit

Notes	Short and medium-term loans to German enterprises and economically independent households: wholesale and retail trade; repair of motor vehicles and motorcycles - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

v1_160_01: Short and medium-term loans to German enterprises and economically independent households: transportation and storage; post and telecommunications - loans and advances of one year or less

Notes	Short and medium-term loans to German enterprises and economically independent households: transportation and storage; post and telecommunications - loans and advances of one year or less
-------	---

...

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_160_02: Short and medium-term loans to German enterprises and economically independent households: transportation and storage; post and telecommunications - loans and advances of more than one year but not more than five years

Notes Short and medium-term loans to German enterprises and economically independent households: transportation and storage; post and telecommunications - loans and advances of more than one year but not more than five years

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_160_03: Short and medium-term loans to German enterprises and economically independent households: transportation and storage; post and telecommunications - bill-based loans: discount credit

Notes Short and medium-term loans to German enterprises and economically independent households: transportation and storage; post and telecommunications - bill-based loans: discount credit

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_170_01: Short and medium-term loans to German enterprises and economically independent households: financial intermediation (excluding MFIs) and insurance companies - loans and advances of one year or less

Notes Short and medium-term loans to German enterprises and economically independent households: financial intermediation (excluding MFIs) and insurance companies - loans and advances of one year or less

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_170_02: Short and medium-term loans to German enterprises and economically independent households: financial intermediation (excluding MFIs) and insurance companies - loans and advances of more than one year but not more than five years

Notes Short and medium-term loans to German enterprises and economically independent households: financial intermediation (excluding MFIs) and insurance companies - loans and advances of more than one year but not more than five years

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_170_03: Short and medium-term loans to German enterprises and economically independent households: financial intermediation (excluding MFIs) and insurance companies - bill-based loans: discount credit

Notes	Short and medium-term loans to German enterprises and economically independent households: financial intermediation (excluding MFIs) and insurance companies - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_180_01: Short and medium-term loans to German enterprises and economically independent households: services (including self-employment) - loans and advances of one year or less

Notes	Short and medium-term loans to German enterprises and economically independent households: services (including self-employment) - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_180_02: Short and medium-term loans to German enterprises and economically independent households: services (including self-employment) - loans and advances of more than one year but not more than five years

Notes	Short and medium-term loans to German enterprises and economically independent households: services (including self-employment) - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_180_03: Short and medium-term loans to German enterprises and economically independent households: services (including self-employment) - bill-based loans: discount credit

Notes	Short and medium-term loans to German enterprises and economically independent households: services (including self-employment) - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_100_01: Short and medium-term loans to German enterprises and economically independent households, including sole proprietors (110 to 180) - loans and advances of one year or less

Notes	Short and medium-term loans to German enterprises and economically independent households, including sole proprietors (110 to 180) - loans and advances of one year or less
-------	---

...

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_100_02: Short and medium-term loans to German enterprises and economically independent households, including sole proprietors (110 to 180) - loans and advances of more than one year but not more than five years

Notes Short and medium-term loans to German enterprises and economically independent households, including sole proprietors (110 to 180) - loans and advances of more than one year but not more than five years

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_100_03: Short and medium-term loans to German enterprises and economically independent households, including sole proprietors (110 to 180) - bill-based loans: discount credit

Notes Short and medium-term loans to German enterprises and economically independent households, including sole proprietors (110 to 180) - bill-based loans: discount credit

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_100_04: Short and medium-term loans to German enterprises and economically independent households, including sole proprietors (110 to 180) - bill-based loans: holdings of bills of exchange

Notes Short and medium-term loans to German enterprises and economically independent households, including sole proprietors (110 to 180) - bill-based loans: holdings of bills of exchange

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_210_01: Short and medium-term loans to German employed households and other households: instalment loans (excluding housing loans) - loans and advances of one year or less

Notes Short and medium-term loans to German employed households and other households: instalment loans (excluding housing loans) - loans and advances of one year or less

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_210_02: Short and medium-term loans to German employed households and other households: instalment loans (excluding housing loans) - loans and advances of more than one year but not more than five years

Notes	Short and medium-term loans to German employed households and other households: instalment loans (excluding housing loans) - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_210_03: Short and medium-term loans to German employed households and other households: instalment loans (excluding housing loans) - bill-based loans: discount credit

Notes	Short and medium-term loans to German employed households and other households: instalment loans (excluding housing loans) - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_220_01: Short and medium-term loans to German employed households and other households: other loans (excluding housing loans) - loans and advances of one year or less

Notes	Short and medium-term loans to German employed households and other households: other loans (excluding housing loans) - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_220_02: Short and medium-term loans to German employed households and other households: other loans (excluding housing loans) - loans and advances of more than one year but not more than five years

Notes	Short and medium-term loans to German employed households and other households: other loans (excluding housing loans) - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_220_03: Short and medium-term loans to German employed households and other households: other loans (excluding housing loans) - bill-based loans: discount credit

Notes	Short and medium-term loans to German employed households and other households: other loans (excluding housing loans) - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_230_01: Short and medium-term loans to German employed households and other households: housing loans - loans and advances of one year or less

Notes	Short and medium-term loans to German employed households and other households: housing loans - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_230_02: Short and medium-term loans to German employed households and other households: housing loans - loans and advances of more than one year but not more than five years

Notes	Short and medium-term loans to German employed households and other households: housing loans - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_230_03: Short and medium-term loans to German employed households and other households: housing loans - bill-based loans: discount credit

Notes	Short and medium-term loans to German employed households and other households: housing loans - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_200_01: Short and medium-term loans to German employed households and other households (210 to 230) - loans and advances of one year or less

Notes	Short and medium-term loans to German employed households and other households (210 to 230) - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V1_200_02: Short and medium-term loans to German employed households and other households (210 to 230) - loans and advances of more than one year but not more than five years

Notes	Short and medium-term loans to German employed households and other households (210 to 230) - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

v1_200_03: Short and medium-term loans to German employed households and other households (210 to 230) - bill-based loans: discount credit

Notes	Short and medium-term loans to German employed households and other households (210 to 230) - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

v1_200_04: Short and medium-term loans to German employed households and other households (210 to 230) - bill-based loans: holdings of bills of exchange

Notes	Short and medium-term loans to German employed households and other households (210 to 230) - bill-based loans: holdings of bills of exchange
Available from – to	1999/03 – 2022/12
Type of variable	numeric

Notes	Short and medium-term loans to German non-profit institutions - bill-based loans: holdings of bills of exchange
-------	---

...

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_400_01: Short and medium-term loans to German resident enterprises and households, total (100 + 200 + 300) - loans and advances of one year or less

Notes Short and medium-term loans to German resident enterprises and households, total (100 + 200 + 300) - loans and advances of one year or less

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_400_02: Short and medium-term loans to German resident enterprises and households, total (100 + 200 + 300) - loans and advances of more than one year but not more than five years

Notes Short and medium-term loans to German resident enterprises and households, total (100 + 200 + 300) - loans and advances of more than one year but not more than five years

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_400_03: Short and medium-term loans to German resident enterprises and households, total (100 + 200 + 300) - bill-based loans: discount credit

Notes Short and medium-term loans to German resident enterprises and households, total (100 + 200 + 300) - bill-based loans: discount credit

Available from – to 1999/03 – 2022/12

Type of variable numeric

V1_400_04: Short and medium-term loans to German resident enterprises and households, total (100 + 200 + 300) - bill-based loans: holdings of bills of exchange

Notes Short and medium-term loans to German resident enterprises and households, total (100 + 200 + 300) - bill-based loans: holdings of bills of exchange

Available from – to 1999/03 – 2022/12

Type of variable numeric

V2_131_01: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - chemical industry, manufacture of coke and refined petroleum products - loans and advances of one year or less

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - chemical industry, manufacture of coke and refined petroleum products - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_131_02: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - chemical industry, manufacture of coke and refined petroleum products - loans and advances of more than one year but not more than five years

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - chemical industry, manufacture of coke and refined petroleum products - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_131_03: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - chemical industry, manufacture of coke and refined petroleum products - bill-based loans: discount credit

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - chemical industry, manufacture of coke and refined petroleum products - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_132_01: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of rubber and plastic products - loans and advances of one year or less

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of rubber and plastic products - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_132_02: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of rubber and plastic products - loans and advances of more than one year but not more than five years

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of rubber and plastic products - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_132_03: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of rubber and plastic products - bill-based loans: discount credit

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of rubber and plastic products - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_133_01: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of other non-metallic mineral products - loans and advances of one year or less

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of other non-metallic mineral products - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_133_02: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of other non-metallic mineral products - loans and advances of more than one year but not more than five years

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of other non-metallic mineral products - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_133_03: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of other non-metallic mineral products - bill-based loans: discount credit

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of other non-metallic mineral products - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_134_01: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of basic metals and fabricated metal products - loans and advances of one year or less

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of basic metals and fabricated metal products - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_134_02: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of basic metals and fabricated metal products - loans and advances of more than one year but not more than five years

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of basic metals and fabricated metal products - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_134_03: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of basic metals and fabricated metal products - bill-based loans: discount credit

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of basic metals and fabricated metal products - bill-based loans: discount credit
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_135_01: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of machinery and equipment; manufacture of transport equipment; repair and installation of machinery and equipment - loans and advances of one year or less

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of machinery and equipment; manufacture of transport equipment; repair and installation of machinery and equipment - loans and advances of one year or less
Available from – to	1999/03 – 2022/12
Type of variable	numeric

V2_135_02: Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of machinery and equipment; manufacture of transport equipment; repair and installation of machinery and equipment - loans and advances of more than one year but not more than five years

Notes	Supplementary data on short and medium-term loans to German enterprises and economically independent households: manufacturing - manufacture of machinery and equipment; manufacture of transport equipment; repair and installation of machinery and equipment - loans and advances of more than one year but not more than five years
Available from – to	1999/03 – 2022/12
Type of variable	numeric

Borrowers

Enterprises and self-employed persons (including sole proprietors) (Tables V1 and V3, line 100)

These comprise all private and public enterprises which, as market producers pursuant to the definition of ESA 2010, produce market goods and services and sell these for a consideration that usually generates surpluses. These enterprises include capital companies, commercial partnerships, cooperative associations and partnerships as well as business associations, chambers of industry and commerce, industrial foundations and public radio and television broadcasting corporations.

This category also includes credit institutions not regarded as MFIs, other financial intermediaries, private and public insurance corporations (including pension funds and supplementary pension funds for government employees). However, it excludes social security funds, domestic branches of foreign enterprises and domestic representative offices of foreign banks.

Sole proprietorships other persons conducting (small) businesses, the self-employed and farmers should also be recorded here.

These enterprises include institutions and establishments of central, state and local government and social security funds, such as state corporations, special-purpose associations and municipality-owned enterprises, and thus to the group of market producers if their self-financing level amount to at least 50 percent and sales with their sponsors are less than 80 percent. Where this is not the case, these enterprises are to be classified as non-market producers or public extra budget entities, and are therefore not to be taken into account in the borrowers statistics. Extra budget entities can be found in the list of extra budget entities prepared by the Federal Statistical Office, which is updated annually.

These enterprises also include organisations of non-profit institutions provided that these are market producers, that is to say that 50 percent of costs are covered by revenue. Where this is not the case, these facilities are also to be classified as non-market producers and allocated directly to their sponsors, ie non-profit institutions.

Where an individual's income is derived chiefly from his assets, such as rentiers and individuals of private means, he is classified as a manager of his own assets under "Asset management for enterprises and households" in lines 180 (Services including self-employment) and 185 (Information and communication; research and development; membership organisations; publishing activities;

⁹ For details, see Special Statistical Publication 1, Banking statistics guideline, Guidelines on the Borrowers statistics.

other business activities).

See pages 141 ff of the Annex to the Guidelines on the borrowers statistics for more information on classifying loans to enterprises and self-employed persons (including sole proprietors) by economic activity in Tables V1 and V3, lines 110 to 180 as well as by manufacturing sector and service category in Tables V2 and V4, lines 131 to 139, 171 and Tables VA and VB, lines 181 to 188.

Loans to self-employed persons and sole proprietors (Tables V2 and V4, line 105)

In addition to their inclusion in lines 110 to 180 of Tables V1 and V3, loans to self-employed persons and sole proprietors should be reported separately here.

Craft businesses (Tables V2 and V4, line 108)

In addition to their inclusion in lines 110 to 180 of Tables V1 and V3, loans to craft businesses should be reported separately here. Craft businesses include all enterprises and self-employed persons, irrespective of the sector in which they operate, whose activity is recorded in the "Handwerksrolle" register¹⁰⁾ or in a directory listing proprietors of craft businesses not requiring a licence maintained by the relevant Chamber of Crafts (Handwerkskammer)¹¹⁾. This category therefore encompasses craft businesses active in the manufacturing, construction and services sectors alike. In addition, craft businesses which are registered as described above should be recorded here even if the craft activity is subordinate to other trade or agricultural operations.

Employees and other persons (Tables V1 and V3, line 200)

The category "employees" comprises wage and salary earners (including the unemployed), civil servants, pensioners and retired individuals. "Other persons" includes housewives, infants, school-children, students, individuals undergoing training, individuals not indicating their occupation.

Non-profit institutions (Tables V1 and V3, line 300)

These include churches and charitable associations including their foundations, other private foundations (other than industrial foundations), societies not regarded as business organisations, trade unions, political parties and other private organisations. Church pre-primary education institutions, schools, social facilities and other church and charitable associations (including family and youth facilities, advisory centres) whose self-financing level does not exceed 50 percent are to be allocated directly to non-profit institutions and are not to be included in the sectors in which they operate. The institutions of associations are treated in the same manner: these are allocated here where their revenue does not cover 50 percent of the costs. These can include canteens and accommodation, libraries, towing and recovery services and research facilities (such as the

¹⁰ Crafts Code (Handwerksordnung), Annex A (Federal Law Gazette [BGBl]: 29 December 2003, Part I, No 66).

“Fraunhofer-Gesellschaft” and the “Max Planck Gesellschaft”) operated by the association for its members.

Borrowing classification

Loans and advances (Tables V1/V2, VA, columns 01 and 02) and loans and advances – excluding mortgage loans - (Tables V3/V4, VB, column 05)

- As well as all loans not secured by mortgages, this category also includes borrowing not used to finance property or ships, such as short-term operating loans, consumer loans and loan-financed purchases of securities, which is nevertheless secured (wholly or in part) by a mortgage.

Bill-based loans (Tables V1/V2, VA, columns 03 and 04)

- As recorded in the monthly balance statistics in Annex B1, column 05, bill-based loans are to be classified by borrower in column 03, generally according to the customers for whom the bills have been discounted (liability ledger on bills). For lending against bills purchased without recourse, the drawee is deemed to be the borrower. In the case of promissory notes purchased without recourse, the drawer is deemed to be the borrower. Bill-based loans are also to be recorded in Tables V1/V2, column 04, classified by sector according to the drawee (see Annex B1, column 06).

Trust loans (Tables V3/V4, VB, column 06)

- Trust loans should no longer be recorded.

Mortgage loans (total) (Tables V3/V4, VB, column 07)

- Mortgage loans are to be reported here.
- Where a loan meets the definition of a mortgage loan, it is to be recorded as such for the purposes of the borrowers statistics. These loans are not additionally recognised under “Loans and advances of over 5 years (excluding mortgage loans)”; for domestic employees and other persons, these loans are therefore not recorded according to their repayments terms (instalment and non-instalment loan).¹²⁾

Mortgage loans secured by residential real estate (Tables V3/V4, VB, column 08)

- The housing mortgage loans included in column 07 (financing the acquisition of real estate as well as construction and renovations) should be shown here.

Housing loans (Tables V2 and V4, lines 106 and 107; Tables V1 and V3, line 230; Tables V2 and V4, line 309)

¹² For the definition of mortgage loans, housing loans, instalment loans and other loans, see Special Statistical Publication 1, Banking statistics guideline, “General guidelines”, “III General reporting rules and other explanatory notes”; see monthly balance sheet statistics, B4.

- Loans to enterprises and economically independent households (Tables V1 and V3, line 100)
- Loans to employees and other households (Tables V1 and V3, line 200)
- Loans to non-profit institutions (Tables V1 and V3, line 300)

For the construction, repair and renovation and the purchase of houses and flats (intended for personal use, resale or letting) should be shown against the respective category of borrowers in their capacity as owner. Restructuring of housing loans should also be recorded.

Instalment loans (excluding housing loans) (Tables V1 and V3, line 210)

- Instalment loans that are not mortgage loans are to be recorded here.

Other loans (excluding housing loans) (Tables V1 and V3, line 220)

- Other loans that are not mortgage loans are to be recorded here.¹³⁾

Debit balances of wage and salary accounts and pension accounts (Table V2, line 221)

- Debit balances on the accounts of wage-earners, salaried employees, civil servants, pensioners and retired individuals, which are included in the category other loans to employees and other persons, should be shown here.¹⁴⁾

¹³ For the definition of mortgage loans, housing loans, instalment loans and other loans, see Special Statistical Publication 1, Banking statistics guideline, "General guidelines", "III General reporting rules and other explanatory notes"; see monthly balance sheet statistics, B4.

¹⁴ For the definition of debit balances on payroll, salary, pension and retirement accounts, see , Banking statistics guideline, "General guidelines", "III General reporting rules and other explanatory notes"; see monthly balance sheet statistics, B4.
